

Study Visit on Energy Efficiency Policies and Measures

organised in co-operation with
Italian Agency for Energy Efficiency (ENEA)
Casaccia Research Center

Venue :
Rome and District Area
18-20 January 2016

Beneficiary:
Moldova

ETT IND/STUD 56737

Aim of the meeting :

The aim of the meeting is to exchange information on the energy sector deployment in both Moldova and Italy respective systems, with particular attention to energy efficiency state of the art and future implementation plans.

Upon such an exchange, possible cooperation perspectives among the major stakeholders of both countries will also be explored.

The Moldovan delegation journey will also benefit of a technical visit to ENEA's plants at the Casaccia Research Center (out of town).
